

Boise VA Medical Center

OUTPATIENT PSYCHIATRIC NP OR CNS POSITION

The Boise VA Medical Center (VA) is seeking a full-time Psychiatric Nurse Practitioner or Psychiatric Clinical Nurse Specialist. Candidates must effectively communicate and collaborate with multiple disciplines in behavioral health and primary care.

The Advanced Practice Nurse will provide primary psychiatric management of a outpatient caseload at our Medical Center and satellite

facility, provide coverage in our same day access clinic, collaborate with primary care providers regarding the management of psychiatric patients, participate in tele-psychiatry with selected patients, and provide coverage with colleagues performing history and physicals in our residential and inpatient psychiatry settings.

Salary will be commensurate with experience.

- ◆ 26 paid vacation days yearly
- ◆ 13 paid sick leave days yearly
- ◆ 10 paid federal holidays yearly
- ◆ Federal Employees Retirement System
- ◆ Multiple health insurance options (VA pays up to 60% of the cost)
- ◆ Life insurance
- ◆ Thrift Savings with matching funds

Boise, Idaho has a temperate climate, affordable housing, good schools, low crime rate, great outdoor activities, and the conveniences of a large city with a small town charm.

Building 114, of the Behavioral Health complex.

Building 67 of the VA Medical Center
