

Nurse Practitioner / Physician Assistant Opportunity

Idaho Arthritis Center located in Meridian, Idaho, is recruiting for a Nurse Practitioner or Physician Assistant for our rheumatology clinic. This is a full-time position and the physicians are willing to train candidates to develop the skills needed for this specialty practice.

The Physicians at Idaho Arthritis Center provide state-of-the-art care for rheumatic diseases. Besides commonly seen diseases such as Rheumatoid Arthritis, Lupus, Gout, Osteoarthritis, Fibromyalgia and Osteoporosis, our physicians treat a wide variety of complex rheumatologic disorders.

Our practice offers bone density (DXA), diagnostic and interventional musculoskeletal ultrasound, immunotherapy, and comprehensive rheumatology labs in our CLIA certified Laboratory in our office to diagnose and comprehensively treat a wide spectrum of rheumatic diseases.

Responsibilities will include assessing and managing patients in the office for routine and acute care and working directly with our physicians.

Competitive salary and benefits, along with possible relocation assistance are available to the right candidate.

Please e-mail cover letter and resume to:
